A billion people in 47 nations- we met him instantaneously

- RNS

“Share my joy”

Media make our world smaller, more accessible to Christ's disciples. The media can carry His message beyond national boundaries to the whole human family.

The multiplication of the Word.

A twentieth-century miracle, we dare not turn away.

The Catholic Communication Campaign will spread the Good News through television, radio, and other media, and through special projects of the Catholic press.

The Campaign is a new annual collection in Catholic churches. Half the money will be used for diocesan activity, half will help the Church launch a national effort.

A bold step. Be a part of it. In your parish.

On May 27th.

Spread the Good News

Catholic Communication Campaign
