"Summerting and the living is easy..." so goes the song and though my easy days came to an end last Wednesday which I joined Cardinal Mooney freshmen on the first day fischool, I'm excited to be back on the beat putting ogether another banner year for RapAround. All the RapAround standbys will be back in next week's issue - Winner's Circle, Equal Time, On-The-Go, Speak-Out, Sports Who's Who. The staff will also be in full swing; myself, Joan M. Smith, editor; Terrance Brennan, sports writer and MARY JOAN GLANTON CHRIS DiPASQUALE photographer; Susan McKinney, photographer, plus the student coordinators (pictured) who are the communication link between the news desk and their respective schools. It is through their efforts that the happenings in each school are a part of RapAround.

School calendars already cover my desk and if their information is any indication of the activity going on we will all be kept hopping until June. Just a sample of what the school year holds — Chocolate Drive in September at Nazareth; Share, Prayer & Care Day, Sept. 14, Cardinal Mooney; Energy Assembly, Sept. 12, St. Agnes, Benjamin Day, Sept. 21, McQuaid; Kearney Karnival, Sept. 16-23, Bishop Kearney; Dinner-Theater (Funny Girl), Sept. 21,22, Aquinas; football, Sept. 14, DeSales vs. Dundee; Field Day, Sept. 21, over at Our Lady of Mercy; and a 25th anniversary celebration at Notre Dame High School down in Elmira

These events are just the tip of the iceberg — there are student community service projects, dramatic presentations, debating endeavors, Christian development, academic achievements, musical enterprises as well as individual student features and you'll be able to read all about them when RapAround starts its full reporting, Sept. 19.

With the coming of Fall the 1979 season begins for the girl Saints and there's an anxiousness in the air and optimism in the hearts of the girls as they wait for it to begin. This year's optimism is justified by the return of nine starters from last year's team and substitutes who have been game-proven and who will be

dication has been forwarded to the organization with the statistics regarding Vince's 16 second breakout from a straight jacket on Aug. 18 at the first annual Guinness World Book of Records Fair held at Cobbs Hill. According to Vince the closest Guinness entry is a 1978 straight jacket escape in 18.8 seconds which; was accomplished by a man dangling from a helicopter over an Indianapolis lake.

Vince also does his share of high escapes — hanging upside down from cranes. In fact he will be performing this type feat as the main attraction during the bike rodeo. Edgerton Park, Sept 29. On that day he will attempt to escape the straight jacket while hanging upside down at 100 ft., and handcuffed.
