Next year, the event is scheduled for March ...Monroe Country Club. Chairman of the show is ...Patricia Nemes.

...other well-attended annual Seton function is the

Tour of Homes, next year planned for Saturday, June 7, from 10 a.m. to 4 p.m. Homes on this year's tour will be in the Pittsford Mendon area. This year the tour included six homes on or near Lake Ontario in the Webster area. Chairman of next year's tour is Mrs. Kathy Gullo.

A special project will be a "Next to New Sale", sponsored by both Seton and the McQuaid Jesuit High School Parents' Club, planned for the Fall of 1980.

All of these are planned by women from all the Seton branches, but each branch also carries on individual activities during the year. Such activities include auctions, sales, sponsorship of plays, concerts, golf tournaments, and special day trips. St. Mary's Hospital is very fortunate to have the local support of so many dedicated women.

As Rochester's first hospital, St. Mary's (opened in 1857) has long been committed to providing quality health care.

Now a part of the new Upstate Health System, with Park Ridge and Highland Hospitals, St. Mary's looks forward to serving the future health care needs of urban Rochester.
