Letters From Far And Near

A Letter from Brother Ignatius, SVD, New Guinea:

"Your letter came some days ago. I was very happy to hear from you. And your letters are full of news, especially of Clyde. Of course I must not omit the contents. The Mass intentions are Father Cuddy still very much needed here; and I still have visions of things I'd like to do, if and when. I gave Bishop Noser your letter, and the next day he returned it as per your intentions. He gave me back \$90 in U.S. money and 10 kina New Guinea, which has more value here.

"The Church in New Guinea is progressing, some places more so than others.

Since the people are the Church, they often want to run the Church like a big meeting. They do want to do things, but they have little perseverance. The church collections here are usually 6 or 7 kina. It takes more than that to run even the 2 school buses they have. As for the missionaries, they should stay and keep on getting money from home, but that money should be turned over to them for the Church to use.

"We have 70 seminarians at Bomana Seminary. It belongs to all the bishops of New Guinea. Father Murphy, the first rector and organizer, died from an accident while riding a motor cycle six months ago. We have 4 minor seminaries, and all are doing fairly well. Some graduate and go to the diocese. Some few to Religious Orders. Also, some drop out for good jobs, many in government. We have quite a number of New Guinea Sisters, but few Brothers.

"I go to Brisbane, Holy

Spirit Hospital December 7 for an eye operation. You ask about my coming home. I'd love to see my sister and brothers once again, and of course, you. But I fear that if I get as far as our Techny Headquarters, they may retire me. Here I can still do something, even though I am rushing 79 years. God bless you, Father and please pray for us here. . . ."

Brother Ignatius, a friend for over 40 years, is a native of Clyde, N.Y. Occasionally I send him a newsy letter, and enclose some Mass intentions and a personal gift. Most people know what it means to get a letter with news of home and family and friends. Brother spent many years at Techny, Ill., and also in establishing the vineyards at Conesus SVD Seminary. He has been in New Guinea for a generation. He gives the Mass stipends to Bishop Noser, who always gives him his personal gift, which he usually spends on machinery or food stuffs. Sometimes he has bought the ingredients for ice cream and treated the whole community with the cream made from their own ice cream freezers. Another time he bought a cassette tape deck which he used for the Abp. Sheen conferences.

Several SVD priests and Brothers and Sisters also used the conferences for their own spiritual life. As we consider the marvellous reception of Our Holy Father by the people of our country, it is good to remember the generous service given by unknown and unmentioned missionaries who carry the Gospel to the less privileged parts of the world. Brother has a deep devotion to the
