**WE'RE "CELEBRATING"** our move to larger, more efficient facilities. Isaac Heating & Air Conditioning, Inc., family owned and operated since 1945, is an organization of loyal, dedicated people, fully qualified to provide the ultimate in design, installation and service of your indoor comfort system. As franchised General Electric dealers we offer the most complete line of Heating/Cooling/Humidification/Dehumidification systems in the area and the service to back them up.

Now is the time to replace your furnace with a General Electric Ambassador Mark II, featuring fuel saving spark ignition. An automatic vent damper can be included.
