

*The Journey to Bethlehem...*  
*Sibley's magnificent Christmas gift to everyone*

A nativity scene with special splendor in a spectacular setting... life-sized figures commissioned in England especially for Sibley's in the Renaissance manner of the 17th Century. Sibley's invites you to make it an important part of your Christmas activities, a chance to pause and reflect on the meaning of what we celebrate, and be touched by the peace and beauty of that first Christmas.
