

# Spread the Good News

## Put God's Word into Orbit . . .

Next Sunday you will be asked to contribute to the Catholic Communication Campaign, an effort to spread the Good News through television, radio and other media. Half of the money collected will stay in our diocese to support our activities, the other half will go towards a national effort. Help to multiply His word through media.

We all know of the impact media have on our lives. We know what potential they have for

building a better world, if we would only use them.

Today the bishops urge you to contribute to the Catholic Communication Campaign, an effort to spread the Good News through television, radio and other media.

Please give generously so that our Church communications can be worthy of the Lord we serve and whose joy we share.
