The Judge

Since a Judge cannot discuss issues or state how he stands on certain issues, how does a voter decide whether to vote for him or not? Let me say that when one votes for a Judge, one is making a bet on character!

I believe emphatically that I am now ready to perform the duties of Supreme Court Justice on a full-time basis!

I bring to this position a life which has been full and rich in that I have been fortunate in family, friendship and my practice of the Law. I am a working Judge for the past 14 years! My total effort has been directed to making our system of Law work!

And — with your help — we will continue to make it work!

Vote for a full-time man for a full-time Judge!

Rights League Makes Film on Inner Cities

"Miracle in the Inner City," a made-for-television movie about the achievements of private inner city schools and their growing appeal to low-income minority families, has been completed by the Catholic League for Religious and Civil Rights.

The film should be available for distribution by Nov. 1, according to Father Virgil C. Blum, SJ, president of the Milwaukee-based rights organization.

The film focuses on three families whose children attend inner city private schools — one in New York City, one in

Chicago and the third in Los Angeles. It records the sacrifices in both time and money that parents make to keep their children in such schools and it documents the great spirit of joy, hope and cooperation that pervades those schools.

Father Blum said the league has commitments to run the program on several religious stations but is looking for air time on commercial or public television outlets.
