

Sinatra Aids DeSales

Geneva — Steve Bucklin, a freshman at DeSales High School, wrote a letter. Not an unusual thing to do, but the results were stupendous.

Bucklin's letter was to Frank Sinatra. It explained the school's annual fund drive and the need for DeSales to succeed. Last week "old blue eyes" answered with a check for \$1,000. When the Courier Journal talked with them, students and school personnel hadn't come down from the clouds yet.

"You can't get much higher than that," was Frank Delamere's reaction to the celebrity's gift. Delamere heads the DeSales Promotional and Development Committee.

According to him, Bucklin had read an article about Sinatra's generosity to his tailor. This started Bucklin thinking, and he decided to go with his idea. He clipped the article and sent it along with the letter, written in behalf of the class of '84, to Sinatra.

Bucklin was astounded when the check arrived. "I couldn't believe it was for \$1,000," he said, "especially for a school that he might not be sure even existed."

The young freshman,

however, had already thought of that possibility. He had sent a newspaper clipping about the DeSales Giving Fund Drive.

"That's 'thinking ahead,'" said a happy Edward Tracey, chief administrator for DeSales. Tracey is especially thrilled because he's been a long time fan of the singer. He has stacks of his recordings and even a Frank Sinatra T-shirt.

Tracey was proud of Bucklin's desire to see his school succeed and of his initiative in writing the letter.

"It is indicative of the loyalty of the Bucklin family," he said, "and of all the other DeSales supporters."

Bucklin is president of his class and the eighth of nine children to attend DeSales. His father is president of the school's Booster Club.

Proceeds from the fund drive will be used for present expenditures and to build a reserve fund for future use. The goal this year is \$100,000, "and we intend to make our goal," declared Delamere. Who can argue when they can pull surprises like Frank Sinatra from the out of the air?
