My Dear People:

During the past eight weeks we have sponsored the television series "Real to Reel". The purpose of this series was to acquaint you with some of the ways in which the mission of Christ is carried out through His Church.

We realize that a program such as this is but one mode for bringing the life of the Church in our diocese and nation closer to you. We have seen our people join in worship and celebration together as well as reach out to the suffering and less fortunate. We have followed our people as they have ministered to others in their daily service. We have seen the Church alive through our neighbors!

At this time, I ask you to assist us in evaluating this program and format and to suggest other ways to communicate our mission to you. The results of this questionnaire survey will serve as information and direction for future media communication.

I also wish to remind you that this series was made possible through your generous contribution to the National Catholic Communications Collection. Please continue to support this project through the collection which will take place on June 13-14th.

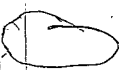

With every best wish, I remain

Your brother in Christ,

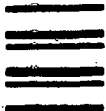

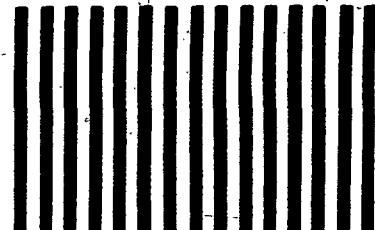

Matthew H. Clark

Most Reverend Matthew H. Clark, D.D.
Bishop of Rochester
