They Are Outstanding

Geneva — Lynda Trusdale, a student at Romulus Central High School who attends St. Francis DeSales Church, was named most outstanding teenager in the Finger Lakes Region.

Also, according to sources, Michael Mackay, a student at DeSales High School, was named outstanding teenager from Wayne County.

This was the sixth year for the award which is sponsored by the Finger Lakes Life Insurance Underwriters. The teens are judged on their service work and its impact on the community.

Great to Be Noticed

The class of 1984 at Nazareth Academy couldn't miss the message from their teachers and fellow students that said, "Freshmen, we love you!" The occasion was April 8, the date faculty and administration officially designated Freshman Appreciation Day.

Freshmen, dressed in their Sunday finest, were greeted with flowers, and gifts from

their homeroom teachers. They also enjoyed breakfast in their homerooms, compliments of the school's administration.

Throughout the day, teachers, upperclasswomen and big sisters went all out to make it a special time for them. Freshman Joanne Antinnetto spoke for her classmates when she said, "It's nice to know I'm really special after all!"

Speaking Out

By Dave Wehner Aquinas

As I watched President Reagan during his speech on his proposed economic program last week, I saw the warmth and excitement among the people as he entered the House chamber. After recovering from the assassination attempt on his life a month ago, Reagan received a standing ovation that lasted more than four minutes.

During his speech he asked for our support in helping him to cure a sick economy. I feel that

Reagan's proposed tax cuts are reasonable and that we should be thankful that we have elected a president who is concerned about our present economic status and is determined to do something about it.

I realize that social and welfare programs will be cut, but something has to be done and we will have to accept these consequences. The American people want a decrease in taxes and hopefully we will receive it in doing what President Reagan calls "a full and comprehensive" effort to clean up our economic mess."

St. Agnes Stages Favorite Musical

MARINE MIDLAND'S STUDENT LOAN PROGRAM

The average cost of a four-year college education has risen to between \$20,000 and \$35,000. That's a lot to have on your mind while you're in school.

Marine Midland can help you clear your head. So you can think about your grades instead of your finances.

We'll give any qualified student a loan of \$2,500 a year, up to

\$12,500 over the course of five years. And we'll give it to you at a rather attractive interest rate: 9 percent.*

Best of all, you won't have to start paying it back until six months after you graduate, and then you'll have years to repay your loan.

So come in and talk to us about our Student Loan Program. When you tell it to the Marine, we listen to what you say.

MARINE MIDLAND BANK, N.A.

*Current annual percentage rate is 9 percent. Students who have been approved for loans before January 1, 1981 will keep their previous interest rate and terms. However, they may now borrow up to the new loan ceiling.
