

Polish Fund Passes \$100,000

The Committee to Aid Poland recently benefitted from a check for \$1,535.75 donated by Perkins 'Cake and Steak. The check represented \$1,086 collected at Perkins houses in the Rochester area and \$449.75 raised at a pancake breakfast.

The breakfast, sponsored by Perkins in cooperation with the Rochester-Krakow Sister Cities Committee, took place at Bishop Kearney High School. Gregory Duch was chairman.

John Stencik, the committee chairman, said the check pushed the total collected over the \$100,000 mark. Further donations had pushed to \$118,000 by May 24, Stencik said.

Duch praised both Perkins and Bishop Kearney High for their donations. "Their efforts have greatly aided us in providing assistance to the people of Poland in their time of need."

MARINE MIDLAND'S STUDENT LOAN PROGRAMS

The average cost of a four-year college education has risen to between \$20,000 and \$35,000. That's a lot to have on your mind while you're in school.

Marine Midland can help you clear your head. So you can think about your grades instead of your finances.

We'll give any student who meets the current income eligibility requirements a Guaranteed Student Loan of \$2,500 a year, up to \$12,500 over the course of five years. And we'll give it to you at a rather attractive interest rate: 9 percent.*

Best of all, you won't have to start paying it back until six months after you graduate, and then you'll have years to repay your loan.

Two new programs to help people who need money for school: The Parent Loans for Undergraduates and the Auxiliary Loans to Assist Students. These programs let parents of undergraduates or independent undergraduate and graduate students borrow funds to help pay for college.

Loans may be made up to \$3,000 per year, up to \$15,000 per student. The current annual percentage rate is 14 percent. Repayment begins 60 days after receiving funds.

So come in and talk to us about our Student Loan Programs.

MARINE MIDLAND BANK, N.A.

*Current annual percentage rate is 9 percent. Students who have been approved for loans before January 1, 1981 will keep their previous interest rate and terms. However, they may now borrow up to the new loan ceilings.
