

"The world needs Christ!"

Pope John Paul II

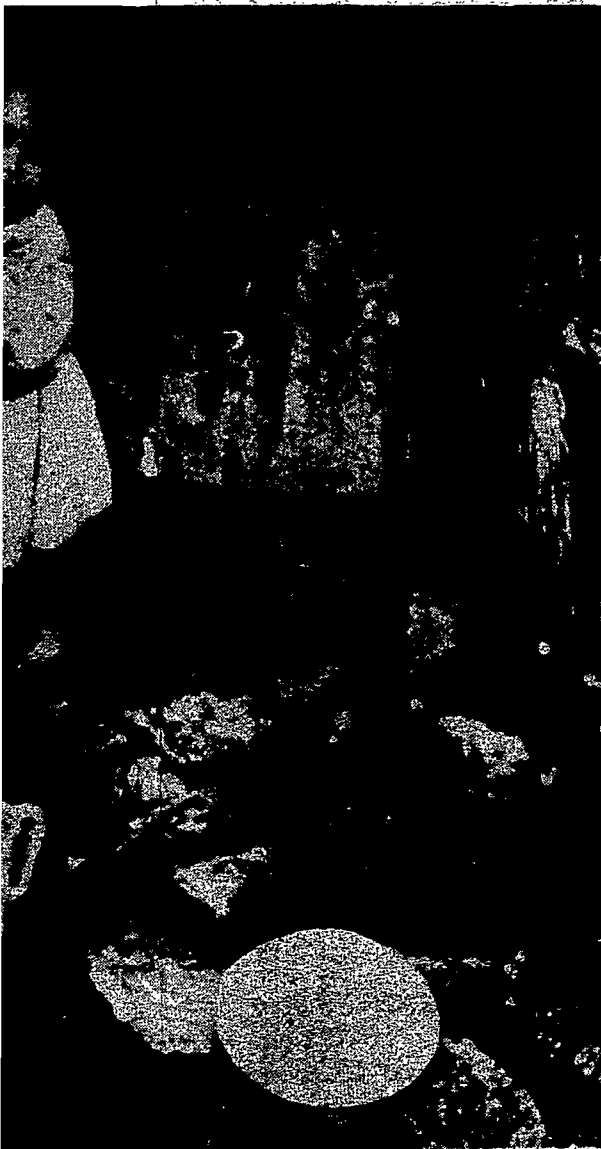

This priest in Burma, like missionaries throughout the world, nourishes both the physical and spiritual needs of the people he serves — helping to develop the "whole person." Please support this vital work on Mission Sunday, October 24th, and throughout the year.

ON SUNDAY

OCTOBER 24, 1982

YOUR SUPPORT will be felt far beyond the parish: the prayers you encourage and the generosity you give will reach the ends of the earth.

Support for the Propagation of the Faith is "bread" support for some 900 Mission Dioceses. Please support them through your prayers and contributions on Sunday, October 24th. Mission Sunday helps the World!

Refugee victims of war, mourning the death of mother and wife, look to the future with small hope. For such a sad little family, for such needy people all over the world, our Holy Father begs your prayers on WORLD MISSION SUNDAY, that in the sharing of your faith in Christ they may come to know and feel the healing, saving love of the Father. Please — give them your prayers, and share your faith with them through your sacrifice to the Propagation of the Faith on WORLD MISSION SUNDAY, October 24th.

These Kenyan boys recognize Father's happiness which flows from his faith in Christ. "Your hearts will be full of joy, and that joy no one shall take from you." (Jn 16:22) Support for Catholic lay teachers in Mission schools is provided annually from the contributions made to the Society for the Propagation of the Faith. (Jim McNamara photo)
