In Rochester, Fisher grads succeed — here's why

Wanda R. Miller '78

"I feel very proud to say I graduated from Fisher. I received a good, quality education from faculty who made themselves available and I didn't have to "go away" to a big university to gain recognition from my colleagues. For me and others in the communications field, Fisher was the right choice."

Fisher grads come from challenging academic programs and are ready for the complex demands of the work world.

Fisher grads have confidence because they receive encouragement and support from their first interview through graduation from a caring staff of trained counselors and superb faculty advisors.

When you choose a college, choose the one that will help you prepare for life and prepare for living.

So Much. So Close.
Come... see for yourself.
