Holy Cross Kids Meet 'Pen Pals'

Jason Wagner, above left, flinches as he gets a big hug from his "pen pal" Virginia Lusuzzo, a resident of the Grandeville Home for the Aged on Maiden Lane in Greece. Twenty-three third graders from Holy Cross School visited the home for lunch on Thursday, May 5, to finally meet the person they had been sharing letters with since February. According to their teacher, Dawn Sindoni, what started as a Lenten project evolved into a constant exchange of about one letter every two weeks. Above right, Bill Powers chats with Justin Hopkins before lunch. Left, Marge Roach shows Heather Beach some of her pottery projects in the crafts shop at Grandeville.
