

# ONE-STOP HEALTH CARE

# GROUP HEALTH

Tired of travelling all over town for health care? One place for eye exams, another for your child's checkup, elsewhere to fill a prescription.

With Group Health, you can short-cut the runaround and coordinate your whole family's health care—all under one roof.

### Family Convenience

At our two convenient locations, you'll find a complete range of health care services, from routine physicals to

emergency treatments. You can get immunizations, eye exams, X-rays and lab tests without leaving the building. You can choose your own personal physician and specialists (internal medicine, OB-gyn, pediatrics) from our own medical group. Everything's in one place—even an in-house pharmacy.

### Personal Peace of Mind

Your family's health care shouldn't be complicated by long waits, questions,

and a host of forms to fill out. With Group Health, you can forget the paperwork. And your medical records are all coordinated. Best of all, there are no surprise expenses. That's peace of mind.

### Ask Your Employer For Details

Or call us directly at (716) 263-3408. Care is available through your employer or on a direct-billing basis. Find out more today.
