Aquinas accolades

Dave Hemmerick, a senior from Aquinas Institute and a member of the Section 5 Monroe County High School champions, was recently selected the recipient of the Thomas M. Nicholas Memorial Scholarship Award for his performance in the Monroe County High School Hockey League this season. Hemmerick was presented the award at a ceremony between periods of the Rochester Americans-Adirondack Red Wings hockey game on Sunday, March 27.

Given each year to the individual who consistently puts forth maximum effort on behalf of his hockey team without regard to natural ability, the award was established in the memory of Tom Nicholas — a fan and supporter of high school and professional hockey in the Rochester area.

The award comes in the form of a \$1,000 scholarship to the college of the recipient's choice to be applied to his tuition. Hemmerick was selected from balloting conducted by the coaches of the Monroe County High School Hockey League.

Tom Gigliotti, athletic director at Aquinas, recently announced winter sports awards for seasons just concluded.

Michael Whitfield was named most outstanding player from Mike Dianetti's boys'

basketball team. Michael Compisi and Dwayne Postell were named most valuable and most improved players, respectively.

From the girls' basketball team, which is coached by Dan Bates, Terry Seiler received the most outstanding player award and Kacey Compisi was named most valuable player. Marita Vieira was most improved.

Chris Caultkins was named most outstanding and most valuable bowler on Jim Scarfia's bowling team. The Little Irish keglers represented Section 5 in this year's state tournament. Chris MacDonald earned the most improved bowler award.

For the varsity mermen, who are coached by John Hink, Tom VanDewater was named most outstanding swimmer, while Brian O'Sullivan and Scott Rhoads garnered most valuable and most improved honors, respectively.

Brendan Doane was named most outstanding runner on the boys' winter track team, which is coached by Ray Manuszak. Brian Sullivan was named most valuable runner, and James Galloway and Hugh Fitzpatrick shared honors as most improved runners.

From the girls' winter track team, which is also coached by Manuszak, Sandra Hofford was named most outstanding runner. Sheri Murtaugh earned the most valuable player award, while Melissa Reid and Aileen Montes shared the award for most improved runners.

Hemmerick and Mark Rebban were respectively named most valuable and most improved players on Rich Gamble's hockey team. Finally, the Sportsman Award went to Jim Schultz, and the Rookie of the Year honor went to Jason Mucha.

Kodak All-American

St. John Fisher senior guard Louise MacDonald added another feather to an already well-plumed cap last week when she was named to the 1988 Kodak Women's All-America Basketball Team for Division III colleges.

The Welland, Ontario, resident was named to the prestigious 10-member squad by the Women's Basketball Coaches' Association after completing her best season ever. It was a season in which MacDonald led the nation in field-goal shooting, broke 1,000 career points and placed first among her teammates in scoring (15.7 ppg), assists (169) and steals (110).

MacDonald, who was recently named Eastern College Athletic Conference Upstate Region Player of the Year, was one of the prime reasons the Lady Cardinals won state and regional titles this season on the way to a 31-1 record and second-place finish in the NCAA tournament.

"It's kind of a reflection on the team," MacDonald said. "We had a good team, so it made me play better."

A third-team all-America pick by the American Women's Sports Federation last season, MacDonald has received a slew of awards in the two seasons she has started for the Lady Cardinals, including MVP honors in local, state and regional tournaments. Being selected as the only upstate New York representative on the Kodak All-America team was simply the icing on the cake.

"It was one of the goals I set out for myself," MacDonald said, noting that another of her objectives is to play semi-pro basketball in Europe next fall.

THOUGHTS TO CONSIDER

**EDWIN SULEWSKI
FUNERAL DIRECTOR**

How do I arrange to donate my body to science after death?

Contact the medical institution of your choice. They will advise you of their requirements. Not all bodies are accepted because of age or disease. After you find out whether they will accept your donation obtain the appropriate forms so that your wishes can be carried out. Then we suggest that you discuss your wishes with your family so that they understand and agree with your wishes. Finally, contact your funeral director so that he may prepare the body after death according to the requirements of the institution. In most cases a funeral is possible before the body is donated.

We purchase all forms of insurance to protect our family & assets, not because we expect the worst to happen, but to be prepared. Doesn't it make sense then to prepare for what will happen. Let our trained counselors assist you with the many options available in planning for a worry-free future.
