PROTECT YOURSELF AGAINST CARBON MONOXIDE POISONING

"Carbon monoxide, even in small amounts, can cause severe illness or death. This gas is tasteless, colorless and odorless and can be present when a fuel is being burned - whether the fuel is propane, natural gas, oil or wood.

When your furnace is properly cleaned and adjusted, there should be no carbon monoxide present."

We will inspect your chimney when we clean or service your furnace.

A MAJOR HEARING AID BREAKTHROUGH

THE NU-EAR HI-FIDELITY SOUND SORTER HEARING AID™ (U.S. Patent No. 4,520,236)

Whether you now wear a hearing aid or are still unsure of your need, you should know about the patented HI-FIDELITY SOUND SORTER™, FEATURING IMPROVEMENTS UNAVAILABLE IN HEARING AIDS UNTIL NOW!

FREE HEARING AID TEST

Make an appointment for a FREE hearing aid test. There is no further obligation, but, should the test indicate you are in need of hearing assistance, the amazing naturalness of the HI-FI will be demonstrated. Some have said it compares to the difference between a clock radio and a high fidelity sound system. Call now for preferred appointment time. There is no obligation for the test but be sure to bring this ad with you. It will entitle you to a \$50.00 savings should you decide the NU-EAR patented Hi-Fidelity Sound Sorter™ is what you have been searching for. Offer expires Jan. 31, 1989.

I can recommend NU-EAR because of the way it has performed to deliver quality hearing aid products to those who need hearing help. I can personally attest to this. My ninety-five year old mother-in-law has worn NU-EAR hearing instruments for years.
