You don't need a million dollars to be treated like a millionaire.

At Central Trust, we understand the needs of the mid-range investor. Satisfying those needs is a specialty of our Trust and Investment Division.

You can maintain a personal or pension benefit account here for as little as \$100,000, and get individualized portfolio management for investments.

Our Trust Division is well known for its expertise and our service is second-to-none. So, if you believe you're worth more, give Theresa Mazzullo a call at 546-4500, ext. 3287, today.

We'll make you feel like a millionaire.
