The cold facts about some warm hearts.

We'll give it to you straight from the heart: Thanks, Neighbors.

Because the cold facts show that your generous support has made the Community Heating Fund a vital resource for our neighbors in need.

Established in 1983 by RG&E, and administered by the American Red Cross, the Fund has distributed \$809,416 to help warm the hearths of 2,619 area families.

With this fund, every contribution counts,

because your contributions are boosted by RG&E stockholders who contribute one dollar to every two dollars given by the community. Your tax deductible contributions may be added to your RG&E bill if you pay by mail, or at any RG&E office.

The Board of Directors and the Volunteer Advisory Committee of the Community Heating Fund just wanted to let you know that your warm-hearted support is making a difference. And that's a fact.
