

**The
Promise of
A New Life...**

...Broken

**1,600,000 abortions occur in
America each year¹...**

- An unborn child has a one in three chance of being aborted.²
- Ninety-two percent of all abortions are performed for reasons that have nothing to do with rape, incest or protecting the health of the mother.¹
- Almost 43 percent of abortions in 1988 were repeat abortions.¹

Many choices for life exist...

- The choice of adoption.
- The choice to take advantage of thousands of pregnancy services nationwide, including counseling, financial help and legal services.
- The choice to take personal responsibility for the life of your child.

THE NATURAL CHOICE IS LIFE.
