AND YOU THOUGHT YOU NEEDED A NEW TRANSMISSION...

Lots of people who drive into AAMCO thought they were getting a new transmission. But more than half of them did not purchase a rebuilt transmission because often a minor problem mimics the same symptoms as a major transmission problem. That's why AAMCO started the Multi-Check diagnosis. So you may not need a major over-haul. AAMCO will give you what you need and give you an exact price. Before the work is done, we'll show the computer, reveal an internal transmission problem and show you a firm price quote for a rebuilt or reconditioned transmission. As an afterthought price. (It's a surprise when you see the bill.)

Check AAMCO Multi-Check diagnosis. It's smart to have your diagnosis on file. Especially when bills are due.

*On most auto models and makes. Some will be a charge if an internal transmission is needed for a few days.
