AND YOU THOUGHT YOU NEEDED A NEW TRANSMISSION...

Lots of people who drive into AAMCO thought the same thing. But more than half of them did not purchase a rebuilt transmission because often a minor problem may be the same symptoms as a major transmission problem. That's why AAMCO started the Multi-Check diagnosis.

So you may not need a major over-haul. AAMCO will tell you what you need and give you an exact price. Before the work is done, AAMCO's Multi-Check diagnosis creates an internal transmission program. If you receive a firm price quote for a rebuilt or reconditioned transmission * At an affordable price. You so come in for an AAMCO Multi-Check diagnosis. It's smart to have your diagnosis on file. **Especially when facts are free!**

*On most late model and newer cars. Some will be a charge if an over-haul is needed for a late model car.
