**IT TAKES MONEY TO MAKE MONEY!**

Financial Aid Finders can help you find the money for  
the higher education that will assure your student a re-  
warding future.

More than \$4,000,000,000 in financial assistance is  
available to students annually.

Financial Aid Finders can find six to 25 sources of  
financial assistance appropriate to your students.

A new computerized service, Financial Aid Finders has  
researched thousands of sources of financial aid, and fed  
the results of that research into its vast data banks.

When your student completes a detailed Student Data-  
form, the programmed computer gets to work selecting  
the sources of assistance just right for him or her.

Processing fee is only \$59.95. Results are guaranteed.

... the service you can't afford not to use.
