THE TECHNOLOGY THAT PERFORMS

Made in the U.S.A.

Now, there is a special program where
elderly and disabled people can live at home
and spend their days at St. Ann's.

St. Ann's announces the opening of the *Home Connection*, a unique concept in health care for the elderly and disabled.

The *Home Connection* offers people the best of both worlds: It enables them to live at home and spend their days at St. Ann's, where they can take advantage of fully-staffed health services along with leisure time activities in a safe, secure environment. Services include:

- Personal care and bathing
- Hot meals and nutritional counseling
- Physical, occupational, and speech therapies
- Hearing evaluations
- Health monitoring and nursing care
- Social work counseling
- Religious services
- Social activities
- Transportation

We can also arrange special services like podiatry, dental hygiene, and trips to St. Ann's beauty salon, barber shop and the Peartree store.

The *Home Connection* can mean something very special for people who need help: It means they can get skilled, professional care and daily socialization and recreation. They even stay under the care of their own physician. In addition, the *Home Connection* offers much needed respite for family members who help care for a person at home.

If you would like more information about the *Home Connection*, please call us at 342-1700.
