Sincere Congratulations

to all Parish Graduates at the various levels of education

from St. Salome's Parish
4282 Culver Rd.
Rochester, N.Y.

Our Math Students Are Ranked Top in the World.

A team of three Nazareth College students received international honors this year, when their solution to a complex problem was judged the best of all the solutions submitted by students from around the world in the COMAP Mathematical Contest in Modeling.

That's just one of our distinctions. Our students and faculty have received honors in many fields, and our graduates are making their mark in many professions including business, education, the sciences, human services, and the arts.

And we're proud to note that 83% of our students volunteer in the local community, activities that we encourage as part of their education.

Nazareth College offers excellence and experience for a lifetime. Call 586-2525 to learn about our programs.

4245 East Avenue • Rochester, N.Y. 14618 • 586-2525
