## MISSION NEWS

In Kitovu, Uganda, where St. Joseph's Catholic Hospital is located, some 5,000 children are "AIDS orphans." One grandmother found herself caring for her 37 grandchildren since all her own 11 children have died from the disease. AIDS has spread rapidly in this African nation through blood transfusions which contained the AIDS virus. ♦ The Church in Uganda has stood by the people there through two civil wars; now again it stands with these suffering people. St. Joseph's offers medical assistance; there is also a Mobile Home Care AIDS Program and an Orphans Program run by missionary Sisters. ♦ *Your gift through the Propagation of the Faith will help the Church in Uganda and throughout the Missions bring Christ's healing, saving love to the poor.*

Grandfather and grandchild in Uganda
