### THOUGHTS TO CONSIDER

**EDWIN SULEWSKI**  
FUNERAL DIRECTOR

How can I help  
someone who is grieving?

You can help in a number of special ways. Through reaching out and offering support in the form of listening and presence you will help a great deal. Ask your friend how they are doing. Mention the deceased by name and allow the bereaved to continue discussion about the deceased if the wish. Many bereaved report feeling isolated. You can help by including them in your social groups. Contact with the grieving is most important during the period right after the death and in the three or four months following when the bereaved feel especially isolated. Reach out and make your presence felt.
