## A few minutes can be the difference between a good education and a great education.

A few minutes of extra attention by a dedicated professor can mean the difference between thoroughly understanding the subject matter in a college course or just getting by. A few extra minutes of quiet time, browsing through the art museum or walking along a footpath near the Niagara Gorge at sunset, can mean the difference between peace of mind or feeling caught in a whirlwind.

Niagara University understands the needs of students and, since it was founded in 1856, has continuously invested time and effort to create an ideal environment for academic, social, and spiritual growth.

More than 50 academic programs and 800 different courses are available. You'll be taught by a dedicated faculty, which includes nationally respected professors who take the time to help students individually. At NU, you'll never feel lost in a crowd.

Come visit us. The campus itself is located in a suburban setting just a few minutes from scenic Niagara Falls. Tour the campus, talk to administrators and faculty, and see for yourself how a few minutes can mean all the difference when it comes to receiving a prestigious education. Call or write us for more information: Office of Admissions, 200 Bailo Hall, Niagara University, NY 14109; telephone toll free 1-800-462-2111.
