About 30 student volunteers from The Newman Community Interfaith Center at the State University of New York College at Geneseo converged on Tioga and Livingston counties March 18-25, sacrificing their spring break to help rebuild and repair homes in nearby communities. On March 25, four students and two adult volunteers worked on creating a new Mt. Morris office for Catholic Charities of Livingston County. Counterclockwise from top: Students followed blue prints to divide a large room into separate office spaces; Paul Vozzo fastens dry wall to wooden wall frames; Mike Alonzo removes shims from frames; Craig Danielson inspects his frames to see if they are plumb; John Rutigliano (right) and Craig Danielson measure spacing before fastening dry wall. The work program was organized by Father James Hewes and David Desmond of the Newman Community.

BARTOLOMEO FUNERAL HOME, INC.

Peter W. Giullari, Jr. Philip P. Perotto Micheal P. Perotto

Personalized service in the community since 1922.
