They're prearranging their funerals at Crawford Funeral Home. This gesture means so much to their families, for it relieves them of making countless decisions regarding the final tribute.

Thoughts to Consider

EDWIN SULEWSKI
Funeral Director

When a pet dies what can I do for my child?

A child might be quite upset when a pet dies. One way you can help is to plan a ceremony with the child for saying goodbye. A pet funeral gives the child a feeling of being in control and allows him to express some feelings about the loss. Finding a box to place the pet in, digging a grave, and holding a ceremony also satisfies a child's natural curiosity about the physical aspects of death. When a pet dies a child may continue to be sad for several days then, as a rule, they turn their attention to other matters. Listen to your child when he expresses his feelings and be available to answer any questions your child might have.
