## Women Needed for Hormone Therapy Research

As they search for the combinations of hormone replacement therapy that are both safe and effective, the Reproductive Endocrinology Unit and Menopause Center at the University of Rochester Medical Center seek women to participate in a study.

Volunteers must be healthy, post-menopausal women between the ages of 40 and 65. After a physical examination, women will be randomized to one of 8 treatment groups and receive various combinations of an FDA-approved estrogen and/or progestin, or placebo.

During this one-year study, volunteers are seen every three months. Benefits to volunteers include free Pap smears and lab tests, free mammogram, and possible relief of menopausal symptoms based on the medication(s) they receive. Compensation of \$450 is available. Women who have had a hysterectomy are not eligible.

Women interested in participating can call Kathy DeRider at 275-4149.

Celebrate New Year's Eve with

## Capitol Steps

Don't take the approaching end of the millennium too seriously! Kick off 1998 with big laughs from this witty crew of musical satirists out of Washington, D.C. Left, right, or center, Capitol Steps has plenty of new jokes and insults for everyone.

Tickets: \$32  
Wednesday, December 31  
6:30 p.m. & 10:00 p.m.
