

Haiti hard

starving children. Please take a moment to read his letter.

Christ was moved with pity for the thousands who grew hungry after He spoke. He fed them. We are called to follow His example and help feed the starving children today in Haiti.

You can save lives

Food For The Poor needs to respond to this food crisis in Haiti with emergency shipments of food. But we desperately need compassionate people like you to help. You can be God's instrument for answering the prayers of the hungry. Your gift of \$73 will provide four children with food for one whole year. Every bowl of rice you can send is a bowl of hope for starving children like Leony and Milouise.

Food For The Poor has maintained a solid presence in Haiti for twenty years, reaching out to the poorest of the poor through the programs we operate. Every day, we feed thousands at our feeding program in Port-au-Prince, respond to the medical needs of the destitute with two clinics, a hospital and a pediatric hospital, and shelter more than 400 orphans at our orphanages. And, by using a well-established network of missionary clergy working directly with the poorest of the poor throughout Haiti, we send aid to where the greatest needs are.

Children are the most innocent victims of Haiti's food shortage. Your gift for emergency food relief today will ease the suffering of these little ones.

Please help Food For The Poor send emergency food shipments to Haiti. Starving children like Leony and Milouise cannot wait a minute

longer. Please, send your gift today. You can help save the lives of innocent children who pray and wait for someone to care.

Priest pleads for his flock

"Where would we be without Food For The Poor? They feed thousands in Haiti, they house the homeless and care for orphans and the sick. Food For The Poor gives Haitians simple human dignity by acting as Christ would — with tremendous compassion and love for the poor."

Father Duken

Father Duken with the children

Dear Mr. Mahfood,

I am writing to you today to plead for your help for the poor of Haiti, especially in the city of Cap Haitien. There is a severe food shortage in Haiti and it is hurting the children the most. I am seeing more and more young children with orange hair, the most obvious sign of starvation. Please tell your supporters in America their help is urgently needed today for the most innocent victims of this food shortage — the children.

God bless you.

Father Duken Augustin
Haiti

Feed starving children today!

Will you feed the hungry children who pray and wait for food? You can provide lifesaving food through Food For The Poor. Use the postage-paid, tear-off envelope located in this publication to send your gift today to:
